Dear Ms. Brennan,

Thank you for attending the "*Planning for Sea Level Rise in San Mateo County*" meeting. Your participation was critical to the productive and important conversation that took place, and will set the stage for how we in San Mateo County move forward on this critical topic.

Ensuring that San Mateo County is prepared to deal with the coming deluge is an "all hands on deck" situation. We now have the information we need to find answers to this challenging problem. I am never disappointed by your willingness to roll up your sleeves and work on an appropriate solution to any issue. Together, we can develop a county-wide strategy to protect against serious flooding that threatens our safety, economic stability, and environmental health.

I look forward to working with you to make sure that San Mateo County is prepared for sea level rise. For further questions or additional assistance, please contact Miriam Goldstein on my staff at miriam.goldstein@mail.house.gov or (202) 225-3531.

All the best,

Jackie Speier
